

## Monday Night Competition : New Format

Dear Members

- The season opener for our Monday Night Competition will have a new **trial** format.
- The season will start on **21-Feb** and completes on **18-March**.
- There will be **two Divisions**, comprising players in grades 1&2, and grades 3&4 in each division.
- The competition will have a **handicap system** applied. This will provide as much of a “level playing field” as possible.
- The competition will be **round robin**.
- Depending on the number of teams in each division, 3 courts have been allocated each division to run their competition rounds.
- A **maximum** of 12 teams per division and a **minimum** of 6 teams per division will be required to allow the competition to run properly.
- Playing fee for this season's opening competition has been set at a flat fee of \$28.00. This is to be paid in advance of the competition season.
- Depending on the number of teams, the competition may have two or more iterations within the scheduled season, and where approved by the sub-committee, the season extended to accommodate any variances.
- A finals series of semi's and grand final will be held as the last two rounds.
- Keep a keen watch on this space for more details in the very near future.

Chair, Competitions Sub-Committee
